

“I BEGIN WITH AN IDEA AND THEN IT BECOMES SOMETHING ELSE” – PABLO PICCASSO

From the artist:

Anushka Singhal – “Art is me.. one moment I find myself and I am lost at the same moment”

Art, a small word but difficult to explain, to me is my subconscious mind. Being an artist I feel it breaks me from hectic schedule and chaos, making me calm, happy and lost. The beauty of art is that no one is sure if they are creating it or it is creating them.

Most of my inspiration is from nature and the ongoing thoughts, together it inspires me to follow my dreams, magic of being positive through all the phases of life, trust god’s plan and believe in myself.

Through my work I try to spread my inspirations and I feel blessed when viewers get connected, lost in the magic of colours with an exclamation of wow!

Sushma Bengani – “Happiness is not something readymade. It comes from your actions and creations, so keep creating!”

It is the medium to expressing myself, I enjoy creating vibrant mixed media canvases in Resin. Her work grounds itself with roots in Rajasthan, but that’s not all. These resin pieces draw richness from several global cultures. The artists connect with cities such as Paris, Dubai, USA, Kolkata, Mumbai can be spotted in her awe-inspiring creations. Take a look at her exclusive work right here, right now.

Nachiket Shah - Everything in nature reflects in us (humans). As we see in the ocean, there are always waves, high tides, turbulence, drastic change in weather still there is stability and calmness deep inside it. Similarly, in our human life, there is a lot of fuss around us, various difficulties- challenges, emotions, feelings. The only way to find the calmness is by being deep within us – there is always “Inner Peace”.

Antra Srivastava-

Art is more than visual and sensory expression; it is a reflection of the inner world of an artist's mind. Its very nature has the propensity to fuel the urge of self-exploration and unearth the treasure we are looking for, to live life meaningfully.

Shubra Jain

" I shall write peace upon your wings, and you shall fly around the world so that children will no longer have to die this way" - Sadako

The inspiration behind my artwork:

Her message is powerful- it is unconditional love.

Embrace her message fully and live in a place of love and peace. Take action to make the world a better place and never lose the faith that you can do something to improve the world.

Let the paper crane remind you that you are not alone and when everyone holds this same intention, we all stand for something greater.
